EDUCATION BACKGROUND

Lancaster University

Oct 2019 – July 2022

BA Hons Advertising and Marketing

- Upper Second-Class Honours
- Key Courses: Research Consultancy, Strategic Negotiation, Managing Business Information Systems, Data Analysis, Business Planning
- Technical & Analytical Skills: Proficient in market research (qualitative & quantitative), strategic deal-making, and applying business information technologies (Yammer, Think Mobility) to improve efficiency.

WORKING EXPERIENCE

Ozaru

Jan 2024 – Present

Senior Marketing & AI Integration Analyst

- **AI Agent Deployment:** Engineered and deployed custom autonomous AI agents (OpenClaw, Hermes Agent) to automate cross-departmental workflows, reducing manual operational overhead and streamlining internal research tasks.
- **Rapid Prototyping & AI Integration:** Leveraged AI-native development platforms (Cursor, Lovable, v0) to build and deploy front-end applications, significantly shortening project lead times while maintaining high-fidelity design standards.
- **Creative AI Ecosystem Architecture:** Orchestrated end-to-end generative AI pipelines using advanced models (Kling, Seedance, Nano Banana 2) to produce studio-quality visual assets and animations for commercial campaigns.
- **Strategic Business Insights:** Modernized traditional market research methodologies by synthesizing complex multi-source data into strategic presentation decks, empowering executive-level stakeholders to make data-backed AI adoption decisions.
- **Procurement & Growth Logistics:** Managed end-to-end digital campaigns and tech procurement logistics for high-growth client projects, ensuring seamless tool integration, brand consistency, and operational scalability.

Radica

Oct 2022 – July 2023

Digital Marketing Executive

- Strategized and executed multi-channel digital advertising across Google, Facebook, and YouTube to maximize brand visibility and audience reach.
- Optimized campaign ROI through data-driven analysis, monitoring key performance metrics to deliver actionable insights for lead nurturing and conversion growth.
- Directed high-level branding initiatives by organizing 5+ external workshops on digital transformation, effectively driving industry networking and brand authority.
- Spearheaded international market intelligence to support overseas expansion, conducting deep-dive research into market conditions, competitive landscapes, and target demographics.

Nutronic

July 2020 – Sep 2020

Marketing trainee

- Oversaw the quality of the products in the marketing level and identified point to improve on the product package.
- Coordinated with the stakeholders in the marketing team and production team to implement marketing strategy on the product package.
- Initiated a visualized product report on supplement products for the internal presentation purpose by conducting extensive research in the supplement market.

Hancon Industrial Co., Ltd

July 2018 -Sep 2018

General Affairs

- Assisted colleagues on various tasks including preparing 100+ internal documents to enhance business's daily productivity.
- Analyzed 50 + target audience and reached out for potential clients.
- Executed email marketing to reach 50+ potential clients.
